Motorized Stands

Specification Sheet

Ideum Presenter touch displays take on a new dimension when paired with SmartLift, BigLift, and Battery-Powered motorized stands. Ideum standard or performance integrated computers can further extend this powerful combination. The small form-factor computer case, allows for easy attachment on the back of the display.

With the touch of button, you can lift, lower, or tilt the Presenter display for a touch wall, drafting table, or touch table, providing maximum flexibility for different applications and contexts.

Presenter 43”, 49”, and 55” Optional Computer

Ideum Presenter touch displays use LG commercial monitors rated for 24/7 use and industry-leading projected capacitive touch technology from TES with support for up to 80 touch points.

The Presenter has a patented aluminum frame and is designed and manufactured in the USA. Please see our Presenter specifications or call us for full details.

Ideum standard and performance PCs feature Intel® processors, NVIDIA™ discrete graphics cards, and single push-button power inside a lockable all-aluminum case. Please see our Presenter specifications or call us for full details.

SmartLift

The SmartLift motorized stand is designed for use with our smaller and medium sized Presenter touch displays. It has a push-button controller that allows for a full range of display orientations, from touch wall to drafting-style touch table to flat touch table. Its flexibility makes it perfect for studio, office, laboratory, school, or other collaborative settings. The SmartLift is built of black steel and comes with adjustable mounting brackets and solid-based casters.

Presenter 55” and 65”

Ideum Presenter touch displays use LG commercial monitors rated for 24/7 use and industry-leading projected capacitive touch technology from TES with support for up to 80 touch points.

The Presenter has a patented aluminum frame and is designed and manufactured in the USA. Please see our Presenter specifications or call us for full details.

Optional Computer

Ideum standard and performance PCs feature Intel® processors, NVIDIA™ discrete graphics cards, and single push-button power inside a lockable all-aluminum case. Please see our Presenter specifications or call us for full details.

BigLift

For use with our larger Presenter displays, the BigLift motorized stand has a push-button controller that allows for a full range of display orientations, from touch wall to drafting-style touch table to flat touch table. Its flexibility makes it perfect for studio, office, school, or other collaborative settings. The BigLift is built of aluminum and features locking casters.

Presenter 43” - 65”

Ideum Presenter touch displays use LG commercial monitors rated for 24/7 use and industry-leading projected capacitive touch technology from TES with support for up to 80 touch points.

The Presenter has a patented aluminum frame and is designed and manufactured in the USA. Please see our Presenter specifications or call us for full details.

Optional Computer

Ideum standard and performance PCs feature Intel® processors, NVIDIA™ discrete graphics cards, and single push-button power inside a lockable all-aluminum case. Please see our Presenter specifications or call us for full details.

Battery-Powered Lift

For use with our full range of standard Presenter displays, the Battery-Powered motorized stand has a push-button controller that allows for an array of orientations, from touch wall to drafting-style touch table to flat touch table. The included battery can power the table for 2 hours before requiring a recharge, allowing for true wireless use. The Battery-Powered Lift is built of aluminum and features locking casters.

The Colossus, Pano, Pro, Platform, Drafting, Pico, and Inline touch tables and the Portrait and Presenter touch walls from Ideum are designed, manufactured, and made in the USA of U.S. and imported parts.

Compliant with height and reach requirements for the Americans with Disabilities Act standards for accessibility. Learn more about Ideum's commitment to accessibility at www.ideum.com/ada

IMPORTANT NOTICE TO PURCHASER: Specifications are subject to change without notice. Ideum hardware and software are warranted from the date of receipt to the period stated in the warranty. Please note that under Ideum's warranty, Ideum has no obligation for any hardware product that is modified or damaged through misuse, accident, neglect, or subsequent integration, service, or tampering, by anyone other than Ideum or an Ideum-approved entity or individual. Ideum makes no additional warranties, express or implied, including but not limited to any fitness for a particular purpose. The User is responsible for determining whether Ideum hardware products or software are fit for the User's particular purpose. If the hardware product or software are proven not to have met Ideum's warranty, then Ideum's sole obligation and User's and Purchaser's exclusive remedy, will be, at Ideum's option, to repair or replace the product or refund its purchase price. Ideum shall not be liable in any action against it in any way related to the hardware products or software for any loss or damages, whether non-specified, direct, indirect, special, incidental or consequential (including downtime, loss of profits or goodwill) regardless of the legal theory asserted. Please see our full warranty for complete details.
