

The Pano is an ultra-wide multitouch table that is nearly 90 inches long. It comes with dual 49" 4K Ultra HD LG commercial displays rated 24/7. The Pano uses a Zytronic bezel-less PCAP touch sensor that supports 40 simultaneous touch points. The contiguous dual UHD displays provide a unique 7680 x 2160 pixel ultra-wide surface.

The Pano is equipped with a powerful integrated Intel™ processor, NVIDIA™ discrete graphics card, and push-button power. The Pano comes standard with Windows 11 Pro and can run any supported PC applications.

The Pano touch table is built with Ideum's patented aircraft-grade aluminum frame that, like its chassis, is finished with a durable powder coat. It has a lockable enclosure and is ready for multiperson use in demanding environments. Pano systems are used in research labs, control rooms, and other essential areas.

The Pano can also be found in busy public spaces, such as Petrosains, The Discovery Centre, the Museum of Science and Industry, Science World British Columbia, and other leading museums. All of Ideum's hardware is backed by a three-year warranty.

## Interactive Display

- › (2) 49" 4K UHD (3840x2160) LG commercial display rated 24/7
- › 89" diagonal, strengthened, anti-stiction, 6mm glass surface
- › Zytronic projected capacitive touch sensor
- › ±5 ms touch response time
- › 40 simultaneous touch points with palm rejection
- › Native contrast ratio 1100:1
- › 500 nits luminance

## Integrated System

- › Single push-button power
- › Custom lockable enclosure
- › Windows 11 Professional
- › Universal 110-240V power system
- › Two 10W integrated speakers

### STANDARD

- › Intel 15th Gen Core Ultra 5 245K processor
- › NVIDIA RTX 4000 20GB Ada Generation graphics card
- › 500GB M.2 NVMe SSD
- › 16GB DDR5 RAM

### PERFORMANCE

- › Intel 15th Gen Core Ultra 7 265K processor
- › NVIDIA RTX 4000 20GB Ada Generation graphics card
- › Dual 500GB M.2 NVMe SSD
- › 32GB DDR5 RAM

## Connectivity

- › TPM/TPP compatible for secure environments
- › WiFi 802.11 a/b/g/n/ac, Ethernet, Bluetooth 5.0
- › Wireless keyboard with integrated trackpad
- › Direct access via USB ports
- › Audio output via 1/8" audio jack
- › HDMI output (PC)
- › RFID (optional)
- › Communication hardware can be removed upon request for secure environments

## Customizations

### Clip-On Casters

These sturdy casters make it easy to move the touch table, but they are easily retractable to provide a stable surface when the table is in use.

### Colors and Finishes

Available in hundreds of RAL color and finish options. (1–2 weeks additional lead time.)

## Software

The Pano touch table comes with Windows 11 Professional and supports PC applications. Applications that are optimized for touch work best.

Ideum offers custom software development. We have experience developing interactive applications, mostly for public spaces. Our expertise in a broad range of programming environments allows our work to span the realms of informal and formal education, interactive technology, art, and entertainment.

## ALSO AVAILABLE

### Tangible Authoring

**Ideum multitouch tables support the Tangible Engine object recognition SDK.**

Tangible Engine is an authoring environment supporting the use of fiducial object recognition on Ideum multitouch tables. This software allows for the unique recognition of objects with 3D printed conductive patterns. Tangible Engine 3 includes test objects, a Visualizer / Configurator Tool, an SDK, and documentation.

Pricing and more information can be found at: [tangibleengine.com](https://tangibleengine.com)

### RFID Utility

**Ideum multitouch products include an optional RFID utility for enhanced functionality.**

Our new and improved RFID software allows you to automate system tasks, launch and switch applications, and more with a single movement. This useful utility is free for Ideum touch table owners.

## EM Spectrum Exhibit Software

Ideum's EM Spectrum multi user exhibit software was designed to run on Pano touch tables. This optional software package allows visitors to view both terrestrial and celestial objects across different wavelengths. Ideum developed the content specifically for the application, working with museum partners to locate appropriate images and collaborating on the content and text descriptions. The EM Spectrum exhibit appears in museums, planetariums, and other informal educational institutions around the world.

The EM Spectrum exhibit can comfortably support up to 8 people simultaneously. The standard version of the software is in English, but the application is designed to have multilingual support. The exhibit can be purchased with a lifetime license. Preloaded on the Pano system, the EM Spectrum is a turnkey high-tech science exhibit.

Compliant with height and reach requirements for the Americans with Disabilities Act standards for accessibility. Learn more about Ideum's commitment to accessibility at [www.ideum.com/ada](https://www.ideum.com/ada)

**IMPORTANT NOTICE TO PURCHASER:** Specifications are subject to change without notice. Ideum hardware and software are warrantied from the date of receipt to the period stated in the warranty. Please note that under Ideum's warranty, Ideum has no obligation for any hardware product that is modified or damaged through misuse, accident, neglect, or subsequent integration, service, or tampering, by anyone other than Ideum or an Ideum-approved entity or individual. Ideum makes no additional warranties, express or implied, including but not limited to any fitness for a particular purpose. The User is responsible for determining whether Ideum hardware products or software are fit for the User's particular purpose. If the hardware product or software are proven not to have met Ideum's warranty, then Ideum's sole obligation and User's and Purchaser's exclusive remedy will be, at Ideum's option, to repair or replace the product or refund its purchase price. Ideum shall not be liable in any action against it in any way related to the hardware products or software for any loss or damages, whether non-specified, direct, indirect, special, incidental or consequential (including downtime, loss of profits or goodwill) regardless of the legal theory asserted. Please see our full warranty for complete details.
